

# In My Dreams

Robert Miles

The Hollies  
Miscellaneous  
Here In My Dreams  
Starlight on my face  
Moonbright on the ground  
Fill this empty space  
Rest the travel-bound

After weary days  
Lady Luck please smile  
show the many ways  
We can go where wishes go  
Let's chase the shadow-child

Here in my dreams  
love is warm love is golden  
causing me to believe  
I have touched I have seen

Sunshine of the night  
dance on crystal streams  
All the things that wishes bring  
are living in my dreams
