

## Paths

Robert Miles

how can she sleep,  
with the sound out in the street  
she is gonna leave  
while he's asleep  
the night's been calling me out  
to see the view  
there, just me again  
wake me up!

many paths to take  
i hope to find that freedom again  
believe we will and many more  
dream free

many paths to take  
i hope to find my freedom again

how can he sleep,  
with the sound out in the street  
she is gonna leave  
while she's asleep  
the night's been calling me out  
to see the view  
there, just me again  
wake me up!

many paths to take  
i hope to find my freedom again  
believe we will and many more  
dream free  
many pahts to take  
space  
i hope to find my freedom again  
believe we will and many more  
freedom in a real dream
