## Charanga

**Robert Palmer** 

Gamble everything on the feeling You'll win every time You'll find that Charanga leaves you Reeling like a case of wine

(We'll dance Charanga all day time and night time)
(We'll dance Charanga the rest of our lives)
(Ay Charanga dance the night away)
(Ay Charanga come on yeah)
(Charanga ...)

Throw your caution into the wind and let it fly Come on let your worries all disappear Take a chance and let the wheel spin Let your bet ride Don't you wish the night would Go on for years?

(Come dance the Charanga, yeah now)
(A little bit closer)
(Let's groove on this all-night party)
(As much as the law allows)
(Charanga ...)

Do something that'll make her Feel real good Say something that'll make her smile Say something that'll make you understood Do something with a little style

(Girl you're such a sexy thing) (Ooh you make my spirit sing) (And your close proximity) (Oh it has affected me) (I can feel this rhythm swing) (With no encouraging) (And your sensuality) (Mm - it overpowers me) (Charanga ...)
