

# Dance for Me

Robert Palmer

Whoa, dance for me  
Dance for me, dance for me  
Whoa, dance for me

My heart is approving  
What your body can express  
You say more when you're moving  
Than your words or style of dress  
Hey, I don't know your language  
But I hear every word

Whoa, dance for me  
See what ... ?

Till you fall, till you fall for  
Till you fall for me [repeat]

Girl, I'm at your mercy  
When you turn with so much grace  
Dance for me, Salome  
Weave me into your embrace  
Hey, you can steal a dancefloor  
Just like you steal into my dreams  
Oh, dance for me  
Show me what you mean  
Oh wee, dance for me  
I want you to show why  
You want me to know

Hey, you hold me spellbound  
Like a serpent in a trance  
Dance for me, dance for me, baby  
Show me how you dance  
Hey, I don't know your language  
But I know what you mean  
Oh, dance for me, dance the unforeseen  
I see you out there on the floor  
Dancing for me

Till you want, till you want  
Till you want me  
Till you fall, till you fall for  
Till you fall for me
