

# Dr.Zhivago's Train

Robert Palmer

Hold on when the train is speeding  
Through the midnight storm  
And tell those boys back in town  
There will be a call

Mmm, train is comin'  
Ooh, train is comin'

The train is comin' your way  
And it sound like it's naming the reasons  
For forsaking stations  
That we passed in the dark

You'll hear your name being called  
When the whistle starts to blow  
Just like that train in that film Dr. Zhivago

Mmm, train is comin'  
Ooh, a train is comin'

Train is comin' your way  
Hear the track fade in  
And awaken the sleepers  
And breaking the promises that were made in the dark

You'll hear your name being called  
When the whistle starts to blow  
Just like that train in that film Dr. Zhivago

Mmm, train is coming  
Ooh, a train is coming  
Mmm, train is coming  
Ooh, a train is coming
