

Hyperactive

Robert Palmer

She's got a date for lunch in Singapore,
Holds stock in I.B.M. and hates Dior.
She puts up her make-up on at 6.00am
She goes to work, gets home then puts it on again

And its a mystery how wild that girl can be
She's got so much energy
She's such an expert at surprising me
She's hyperactive when she starts to dance
And she's so attracted to a wild romance
And more effective than a stimulant
She's hyperactive.
She's hyperactive when she starts to dance
She never missed a beat or missed a chance
And I'm persuaded by her argument
She's hyperactive

The other dancers hyperventilate and start to sweat
One look at her - I know the nights not over yet
She says, Where are we going now?
Her voice is sweet and soft
I think she lost the key that turns her motor off

And its a mystery how wild that girl can be
She's got so much energy
She's such an expert at surprising me
She's hyperactive when she starts to dance
She never missed a beat or missed a chance
And I'm persuaded by her argument.
She's hyperactive

And more effective than a stimulant
