

# Night People

Robert Palmer

Night people, hanging out  
Looking at each other Waiting for something to happen  
Night people, hanging out  
Looking at each other  
Waiting for something to happen

While the day world is sleeping  
Night people are creeping, hanging out  
Looking at each other  
When the day world stops moving  
Night people start grooving, hanging out  
Looking at each other  
When the day bees stop buzzing  
Night people start coming, hanging out  
Waiting for something to happen  
Night people , hanging out  
Looking at each other  
Waiting for something to happen

You don't get one thing  
Without the other  
We got to keep the world alive  
If everybody went to sleep  
At the same time,  
How'd we keep the world alive

In a word we got the night people,  
Night people, hanging out  
Looking at each other  
Waiting for something to happen

Got to see who is with you  
Who is with me, who is with who, we're hanging out  
Looking at each other  
Got to see whatcha wearing, whatcha got  
Whatcha sharing , hanging out  
Waiting for something to happen

As the day world goes by  
Night people doing fine, hanging out  
Looking at each other  
When the day world starts humping  
Night people start pumping, hanging out  
Waiting for something to happen  
Night people hanging out  
Looking at each other  
Waiting for something to happen  
Night people, hanging out  
Looking at each other  
Waiting for something to happen  
Night people grooving , hanging out  
Night people grooving  
Night people grooving  
Night people grooving  
Night people grooving  
Night people grooving
