

My Bella

Robert Pattinson

Yeah
Oh yeah
Look after my heart
Even if we're worlds apart
You won't be scared of me
When you're in my car

Cos we're in the dark
We can see my shiny smile
I love you
I want you right now

Because
When the moon shines
We'll sparkle together
Told ya that I'll live forever
Said that I'm not human but I'm still a man
Never criticize Romeo again
Thank heaven I'm not your father
Know that we'll still have each other
You can be my Bella, you can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, Ella, eh, eh,

Even though I'm a vampire
You're the only one that I desire
You will be the death of me
Of my immortality

When you have a moment of doubt
Like when a werewolf pass you out
Reject his imprint
Cos girl I'll track your scent?

When the moon shines we'll sparkle together
Told ya that I'll live forever
Said I'm not human but I'm still a man
Never criticize Romeo again

Thank heaven I'm not your father
Know that we'll still have each other
You can be my Bella, you can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh

Hay girl, you're bleeding hay girl
I'm bleeding, bleed into me?

Bleed in to me
Hay girl, you're bleeding hay girl
I'm bleeding, bleed into me?
Bleed in to me
Bleed in to me

Bleed, bleed, bleed
Bleed, bleed, bleed

Ah, ah, ah

Because
When the moon shines we'll sparkle together
Told ya that I'll live forever
Said I'm not human but I'm still a man
Never criticize Romeo again

Thank heaven I'm not your father
Know that we'll still have each other
You can be my Bella, you can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh,

Cos
When the moon shines we'll sparkle together
Told ya that I'll live forever
Said I'm not human but I'm still a man
Never criticize Romeo again
Thank heaven I'm not your father
Know that we'll still have each other
You can be my Bella, you can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh,
You can be my Bella
Ella, Ella, eh, eh,

Cos
When the moon shines we'll sparkle together
Told ya that I'll live forever
Said I'm not human but I'm still a man
Never criticize Romeo again
Thank heaven I'm not your father...
(Fade out)
