

Bluebirds over the Mountain

Robert Plant

Bluebirds over the mountain, seagulls over the sea
Bluebirds over the mountain, bring my baby back to me

Boy and girl they fell in love, each was like the hands above
He looked in the eyes of blue, she vowed to him that she'd be true

Bluebirds over the mountain, seagulls over the sea
Bluebirds over the mountain, bring my baby back to me

(Well, well, well, well)

I miss you, oh, can't you see? You're the only one for me
Since you've gone, I'm all alone, c'mon, baby, come back home

Bluebirds over the mountain, seagulls over the sea
Bluebirds over the mountain, come on and bring my baby back to me
Bring my baby back to me
Bring my baby...

Bring her back to me
Bring her back to me
Bring her back to me
