

Calling to You

Robert Plant

Beyond the river - over the sea
Somewhere's last last farewell that ever will be
It's calling to you, calling to you, calling to you
It's calling to you, calling to you, calling to you

Out in the blue now, just waiting to be
A little breath of selflessness, adrift in all the greed
It's calling to you, calling to you, calling to you
It's calling to you, calling to you, calling to you

Look for the match - cover Adam and Eve
All the world when new was fire - it still was the scene
It's calling to you, calling to you, calling to you
It's calling to you, calling to you, calling to you

So you're gonna - it's for your honour - it's gonna be done

Where you gonna go? when you gonna stop?
Who stole the keys to the gates of the castle of love?
It's calling to you, calling to you, calling to you
It's calling to you, calling to you, calling to you

Who you gonna call? what you gonna say?
Standin' in the shadows as the world's just fadin' away
It's calling to you, calling to you, calling to you
It's calling to you, calling to you, calling to you

Who you gonna call? when you gonna stop?
Who stole the keys to the gates of the castle of love?
It's calling to you, calling to you, calling to you
It's calling to you, calling to you, calling to you

Who you gonna call? what you gonna say?
Standin' in the shadows as the world's just fadin' away
Just fadin' away, just fadin' away --
