

Doo Doo a Do Do

Robert Plant

Nobody can do the bop, like you do
Nobody can do the burn, like you do
Nobody can do the jerk, like you do
Oh, no, no
Come on, dance in the dark
You're looking so fine
Dance with me baby

Nobody can use what they've got, like you do
Because it's so hot, like you do
Teasing won't stop, won't stop you
No, no, no
Shake for me baby, let me be your lover man
Shake little girl, little girl

You stole my heart, nobody can do it so well

Would you think I'm a fool, a fool for you
A dirty old fool, a fool for you
You know I'm a fool, a fool for you
Oh, oh, oh
I'll be a fool for you darlin'
Ooh, movin' so fast
Your fool, little girl

You stole my heart, nobody can do it so well

Oh, it's a new kind of man, come on girl
Oh, it's a new kind of man, dancing by me again
Dance, do that burn now baby, dance
I'm feeling fine, fine,

Nobody can do the bop, like you do
Nobody can do the burn, like you do
Nobody can do the jerk, like you do
No, no, no
Dance dance,
You're body moves, your body moves so well
Dance dance
