Oh please don't go - no please don't go  
No please don't go - you're breaking my heart again  
How long, so long - who can tell me  
Would I be wrong - very likely  
So long's too long - I'll be on my own again  
How fair is farewell? - fair to who?  
No-one can tell - tell it true  
Still in the stands - I'm back on my own again

(You're all I know - no story)  
(You're all I know - please don't worry, don't worry)  
Don't worry baby - don't cry no more

How fair is farewell? - fair to who?  
No-one can tell - tell it true  
Still in the stands - I'm back on my own again

So please don't go - no please don't go  
No please don't go - you're breaking my heart again

(You're all I know - no story)  
(You're all I know - please don't worry, don't worry)  
Don't you want me

Old ties that bind - don't stop the wheeling  
Too late to find - no-one is really  
Locked on mine - back on my own again  
Please don't go - no please don't go --  
You're breaking my heart again
