

Keep It Hid

Robert Plant

What you gonna do when it's cold outside?
Who will keep you warm when the sun don't shine?
And who you gonna call when the day is done?
And who you gonna rock when your mother's gone?

Now baby take the wine from the loving cup
Momma, take your time, don't you spill a drop

Keep it to yourself, baby keep it here
To yourself, baby keep it here
Keep it to yourself, baby keep it here
To yourself, baby keep it here

Ahhhaaaa

Baby take some time, like to walk by the sea
See, I got some trouble in my life in the minor key
At the edge of the world when the sun comes up
There's a silver key in a golden cup
Silver key in a golden cup
Silver key in a golden cup
Silver key in a golden cup

Mhmmmm
