

# One Love

Robert Plant

One for love - I can't resist  
Two for your pretty brown eyes - crazy like this

Three for the stars around my head  
Four for the way you smile - crazy instead  
That's why - oh, you're all mine

Five for the fire - the power of love  
Six for the glory from up above  
That's why - oh, that's why

It takes one heart - one love  
N-n-now baby, love one another  
One dream - one kiss  
Come on now baby, don't you treat me like this

Seven for songs that never change  
Eight for the heart of gold - nine for the name  
That's why - oh, all mine

One heart - just one love  
N-now baby, love one another  
One dream - one kiss  
Come on now baby, don't you treat me like this

That's why - oh, oh, that's why  
Yes that's why - oh, baby, that's why  
Ooh, yeah, that's why - oh, that's why  
It's one love, one love, one love -- One for love - I can't resist  
Two for your pretty brown eyes - crazy like this
