

Homecoming

Robert Randolph & The Family Band

Just elusive, they got loose
They got lovin' back to [Incomprehensible] root
We got wild upon the roof
Enter live, we'll get with you

People loved it in the Spain
All the parties we're gonna sing
Back to Memphis, back to Maine
Everywhere we played, it feels like

Homecoming, homecoming
Homecoming, we want to go home
Homecoming, homecoming
Homecoming, we want to go home

Homecoming, homecoming
Homecoming, we want to go home
Homecoming, homecoming
Homecoming, we want to go home

Mama gonna fetch me a plate
Everybody's gonna get 'em a taste
Come on and celebrate
I can't hardly wait

'Cause they're gonna get on the drums
Yeah, my brother gonna get on the keys
Your brother gonna lay it on the bass
Yeah, well, I'll go stand the leads, it's gonna be

Homecoming, homecoming
Homecoming, we want to go home
Homecoming, homecoming
Homecoming, we want to go home

Homecoming, homecoming
Homecoming, we want to go home
Homecoming, homecoming
Homecoming, we want to go home

Feeling kinda alone
And I'm feeling in my bones
And I'm ready, ready
Got to get back home, yeah

Homecoming, homecoming
Homecoming, we want to go home
Homecoming, homecoming
Homecoming, we want to go home

Homecoming, homecoming
Homecoming, we want to go home
Homecoming, homecoming
Homecoming, we want to go home

We want to go home
We want to go home

Homecoming, homecoming
Homecoming, we want to go home
Homecoming, homecoming
Homecoming, we want to go home

We want to go home
We want to go home
We want to go home
We want to go home

We want to go home
We want to go home

Come on, come on
Come on, yeah
