

Why Should I Feel Lonely

Robert Randolph & The Family Band

Traveling across the highways
I'm seeing many places
I'm hearing many voices
I'm seeing smiling faces
Tell me why should I feel lonely
People of all races
From Jersey to LA
Grooving to my music
Dancing when I play
Coming from our peers
It was hard to maintain
Lots of people were talking
Buy we kept on doing our thing
Everything in the world is crazy
I need you to show me
Please tell me this
Why should I feel lonely
