Be Real Black for Me

Roberta Flack

Our time, short and precious Your lips, warm and luscious You don't have to wear false charms 'Cause when I wrap you in my hungry arms

Be real black for me Be real black for me

Your hair, soft and crinkly Your body, strong and stately You don't have to search and roam 'Cause I got your love at home

Be real black for me Be real black for me

In my head I'm only half together
If I lose you, I'll be ruined forever
Darling, take my hand and hold me
Hold me, hold me, hold me

You know how much I need you
To have you, really feel you
You don't have to change a thing
No one knows the love you bring

Be real black for me Be real black for me Be real black for me Be real black for me

I want you to do that Be real black for me Be real black for me Be real black for me Be real black for me

Lord, have mercy Be real black for me Be real black for me
