

# Can We Find Love Again

Roberta Flack

You were on my mind today  
Though just why I could not say  
I was sure that finally  
I'd lost those memories  
But it all came back so fast  
All the pleasures of the past  
And I asked myself  
If you were thinking of me too

So I'm calling you  
'Cos I have to know  
Can we find love again  
Is there any chance for us  
To get back what we gave up

I've been here all by myself  
Knowing there was no love left  
But it used to be so strong  
And maybe I was wrong

Won't you tell me please  
'Cos I have to know  
Can we find love again  
Is there any chance for us  
To get back what we gave up

The time we've lost  
Cannot ever be replaced  
But the time that's left  
Let's try to take

What's the answer is it yes or no  
Can we find love again  
Is there any chance for us  
To get back what we gave up  
Would you tell me  
'Cos I have to know  
Can we find love again  
Is there any chance for us  
To get back what we gave up  
What's the answer is it yes or no  
Can we find love again  
Is there any chance for us  
Can we find love
