

# Our Ages or Our Hearts

Roberta Flack

And I thought  
I thought we had a love  
That was true  
A love we shared  
Between me and you

We live to see  
Each other everyday  
And we. thought  
We thought  
The same silly way

But now I find  
According to society  
That our ages...  
They must keep us apart

But my Darling  
What will it be  
Our Ages or our hearts  
Or our hearts

And I thought  
I thought we had a love  
That was for real  
A love too strong  
For gossip to kill

And darling...  
Its you I adore  
It makes no difference  
It makes no difference  
Whether I'll be twenty one ooh  
And you thirty four

'cause now I find  
According to society  
That our ages...  
They must keep us apart

But Ooh my darling  
Ooh my darling tell me  
Ooh my darling my darling tell me  
What's it going to be

Ooh my darling tell me.yea  
Is it our ages.  
Our ages or our hearts

I thought we had a love that was true  
Ooh my darling...  
Tell me what's going to be  
Is it our ages.  
Our ages or our hearts
