

# Give Me A Smile

Robin Gibb

Ah

It's not the way you say to me, I'll wave goodbye  
It's not the search to try to say the tears you'll cry  
Because I am crying too for the thought of leaving you

You have to give me a smile as leave you treasure  
Do it in style and believe in yourself  
'Cause while I'm away I will stay firm beside you  
And then I will go with the thought that you tried not to break

You mean heaven to me and when I return to thee  
We'll see our own love  
You may not know but I do miss you earnestly

Of all the moments in our time, there's none like this  
And ev'ry day when our lips met, there's none so bliss  
For when I say, sweet c'est la vie  
I laugh and leave with tears on me

You better give me a smile as I leave you Heather  
Treasure yourself and find time for no else  
For while I'm away, I will stay firm beside you  
And then I will leave with the thought that you tried not to cr
