

Mother Of Love

Robin Gibb

Mother
Take my hand
Lead me to a world I understand
Mother
Take me home
Help me find the strength to carry on

Everything in life we have is changing
But you are all I need to keep me still

Mother of love
Angel of light
I'm a lone lost child
So alone in the night
Mother of love
Angel of light
You have saved this soul
You have given me sight

Mother
Keep me warm
Always be my lighthouse in the storm
Mother
Set me free
Give me wings to fly eternally

Mother of love
Angel of light
I'm a lone lost child
So alone in the night
Mother of love
Angel of light
You have saved this soul
You have given me sight

Must the world the tide of war devising
The suffering of children fills our eyes

Mother of love
Angel of light
I'm a lone lost child
So alone in the night
Mother of love
Angel of light
You have saved this soul
You have woken me
Mother of love
