## The Worst Girl In This Town

**Robin Gibb** 

Ah

I just don't know what you can achieve When you say you need me and then leave Ev'ry thing you tell me is a lie You and I just don't see eye to eye

Soon you'll run, there is no fun remaining
The life I once enjoyed you've surely taken
I'm convinced for years, I've been your clown
The heart I gave, well you have just forsaken

You are the worst girl in this town You are the worst girl in this town

Ah

There are lots like you, that it's not true I'd be a fool to stay and join the queue You've stayed with other men behind my back I know that if I stay, I'll surely crack

The life I once enjoyed you've surely taken I'm convinced for years, I've been your clown The heart I gave, well you have just forsaken

You are the worst girl in this town You are the worst girl in this town

Ah

You are the worst girl in this town
