

# Love Me a Little

Robin Schulz

I don't wanna be the one to be  
Another star, lost in the dark  
I don't wanna be the one to be  
Like a ghost, haunting your heart  
No, I ain't lying, it's torn me up  
I'm not alive, I'm just surviving  
It ain't enough

So, love me a little  
Don't need a lot  
'Cause I'm human, it's the only thing I've got  
Oh, love me a little  
Be my friend  
In this cruel reality, it's the only thing I need  
Yeah, yeah, yeah  
Yeah, yeah, yeah  
If you love me a little

I don't wanna be the one to be  
Another voice lost in the crowd, no  
I don't wanna be a memory  
Someone you never think about  
So I'll be waiting  
I'll keep on holding onto nothing  
Till I'm faded into dust  
'Cause all I'm saying  
I need your help, because sometimes we all need saving  
All the fuss

So, love me a little  
Don't need a lot  
'Cause I'm human, it's the only thing I've got  
Oh, love me a little  
Be my friend  
In this cruel reality, it's the only thing I need  
Yeah, yeah, yeah  
Yeah, yeah, yeah  
If you love me a little  
Yeah, if you love me a little, yeah

No, I ain't lying, it's torn me up  
I'm not alive, I'm just surviving  
It ain't enough

So, love me a little  
Don't need a lot  
'Cause I'm human, it's the only thing I've got  
Oh, love me a little  
Be my friend  
In this cruel reality, it's the only thing I need  
Yeah, yeah, yeah  
Yeah, yeah, yeah  
If you love me a little  
Love me a little  
Love me a little  
Yeah, love me a little
