

# Tonight And Every Night

Robin Schulz

I wanna grow old with you  
Buy an RV and just travel  
I wanna have kids and a house, and some stress I can't handle  
I wanna dog we can chase through the park on a Sunday  
Then make us a dinner for two  
Might be microwave entrees

I hate that we only get one life  
Only one chance to get it right  
But I want to spend it by your side  
Tonight and every night  
Tonight and every night  
Tonight and every night

Tonight and every night  
Tonight and every night  
Tonight and every night  
Tonight and every night

I want a chance to get mad and have fights, and then make up  
I wanna know where this light and this darkness will take us  
I wanna see just how beautiful you'll be when you're fifty  
So all of my friends will be jealous and dying of envy

I hate that we only get one life  
Only one chance to get it right  
But I want to spend it by your side  
Tonight and every night  
Tonight and every night  
Tonight and every night

Tonight and every night  
Tonight and every night  
Tonight and every night  
Tonight and every night

And I got to say what's on my mind  
There's only so much of this precious time  
And I want to spend it by your side  
Tonight and every night  
Tonight and every night  
Tonight and every night
