Hey...
Woo...
Alright baby...
Ohhh...
Oh...
Yeah...
I can make the pain disappear...
And I can erase the past... Oh...
I can make the future shine so bright...
And I can make right now alright... Yeah...
I got it, You got it, We got the magic girl...
I got it, You got it, We got the magic girl...
I got it, You got it, We got the magic girl...
I got it, You got it, We got the magic girl...
All I got is concrete all around Me... Wooo...
But I can see the countryside...
You can be rich when you're poor...
Poor when you're rich...
It can be raining and I can make the sun shine...
I got it you got it we got the (Wooo) magic girl...
I got it (You know You got it baby) You got it, We got the magic girl
I got it (I've got it baby) You got it, We got the magic girl
I got it (You know I got it baby) You got it, We got the magic girl
I know sometimes sometimes you feel no hope...
But I've been there upon that lonely road...
I took whatever gift he offered me...
Because I knew that he would set me free...
(Whoa) I got it, You got it (Wooo) We got the magic girl...
I got it (Magic baby) You got it, We got the magic (woo) girl...
I got it (We got the magic baby) You got it, We got the magic girl...
Skip
I got it, You got it, We got the magic girl...
Wooo
Science they can't prove it...
But I know I can do it...
I can fly...
I can bend metal with my mind...
I can wake up in a paradise... Ohhhh...
We got that magic ...
We got that magic...
Hey...
We got that magic...
We got that magic...
```
