

Bad Time

Robin Trower

If you need a car to drive
Take my key
Need some honey in your hive
Well I'm your bee

Well I'm giving it all, it's never enough
The way you play ball is a little too rough
You picked a bad time to put me down

If you're looking for a home
My house is yours
Need a dog to bring your bone
I'm down on all fours

Well I'm giving it all, it's never enough
The way you play ball is a little too rough
You picked a bad time to put me down

50 million, 50 cents
Just put it down to experience
Make a touchdown, hit the goal
Just give me back my soul

Well I'm giving it all, it's never enough
The way you play ball is a little too rough
You picked a bad time to put me down
