

Fly Low

Robin Trower

There you are off in the distance
Much too proud to share
If you choose to prove your existence
Prove that you really care

If you dare show some resistance
What you cannot bear
You won't lose your not a victim
Show that you're really there

Fly low, fly low
See what you've never seen
Fly low, fly low
Fly where you've never been

There you are off in the distance
Sunk without a prayer
You may seek your own deliverance
You'll never find it there

Fly low, fly low
See what you've never seen
Fly low, fly low
Fly where you've never been

Fly low, fly low
See what you've never seen
Fly low, fly low
Fly where you've never been
