

I Want You Home

Robin Trower

Tell your heart to lead and be forgiven
Love can be a light but like a stone
Be a friend indeed and vote for living
I want cha home
I want cha home

Remember what we are to one another
You don't see our love as dead and gone
We have come too far to call it over
I want cha home
I want cha home
I want cha home
I want cha home

Turn another leaf and make it better
Turn away the grief and make it new
I want cha home
I want cha home
I want cha home
I want cha home

Turn another leaf and make it better
Turn away the grief and make it new
I want cha home
I want cha home
I want cha home
I want cha home
