

Inside Out

Robin Trower

Inside out, your love has turned me upside down
Inside out, your love has turned me upside down
Please don't mess me Baby
You got me spinnin' round and round

First you say on Monday
That your love is true
I only hope that someday
I'll believe in you
Inside out, your love has turned me upside down
Please don't mess me Baby
You got me spinnin' round and round

First you say you need me
Then you take it back
Baby please believe me
My mind's about to crack
Inside out, your love has turned me upside down
Please don't mess me Baby
You got me spinnin' round and round

Inside out, your love has turned me upside down
I'm tellin ya
Inside out, your love has turned me upside down
Please have mercy Baby
You got me spinnin' round and round
