

## No Time

Robin Trower

I tried to take the easy way  
The easy line  
To bury myself  
To sit on the shelf  
To bide my time

Now that the game is up  
My cover's blown  
You count the cost  
You're wandering lost  
In the fall-out zone

I learnt to live  
Within the space  
Between the lines  
I can't believe you did not receive  
All the danger signs

I never understood  
What took so long  
Why did you fight  
Just to prove yourself right  
When you knew you were wrong

I learnt to live  
Within the space  
Between the lines  
I can't believe you did not receive  
All the danger signs

I learnt to live  
Within the space  
Between the lines  
I can't believe you did not receive  
All the danger signs
