

River

Robin Trower

River, keep on rising
Carry my soul to the sea
Troubled waters, take me with you
Follow in destiny

River, where is the justice
When the man can stumble and fall?
In the waters of confusion
Stumble and lose it all

Roll on... Keep on rolling
You don't even have to be aware that I'm there
Taking pride in the lessons I've learned
And joy from the river before me

River, keep on rising
Carry my soul to the sea
Troubled waters, take me with you
Follow in destiny

Roll on... Keep on rolling
You don't have to be aware that I'm there
Taking pride in the lessons I've learned
And joy from the river before me

River, keep on rising
Carry my soul to the sea
Troubled waters, take me with you
Follow in destiny
I'll follow in destiny
