Tear It Up

Robin Trower

I know men who cheat and lie
I know some who pray
Others try to hide their secrets away
I'm the kind who toes the line
Try to pay my dues
Now it seems that I got nothing to lose

I'm gonna tear it up tonight
This is my time
I'm gonna tear it up tonight
Takin' what's mine
I've been keepin' score
Time I took some more
I'm gonna tear it up tonight
So stand aside

Took away my heart and soul
Left me black and blue
Now I think your debt to me's overdue
Dug too deep and now you've found
Something much too strong
Hope you realise what you've taken on

I'm gonna tear it up tonight
This is my time
I'm gonna tear it up tonight
Takin' what's mine
I've been keepin' score
Time I took some more
I'm gonna tear it up tonight
So stand aside
