

Voodoo

Robots in Disguise

Oh-Oh-Oh-Oh-Oh-Oh-Oh-Oh
I saw your face last night on TV
I chant your name all night in dreamland
I spy your shadow at the bus stop
I kiss your image in the paper
You're voodoo I like you I like you I do
I felt your rhythm at the party
I taste your breath upon my shoulder
I tug your arm three times to get ya
I put a fiver in your pocket
You're voodoo I like you I like you I do

Magikal qu'il soit
