

# Dark Princess

Robyn Hitchcock

When I'm naked, I tell no lies  
You are fur-lined, but you're wise  
When you're golden, I'm your beast  
Seven minutes and you're released

Dark dark dark dark dark dark dark princess  
Dark dark dark dark dark dark dark princess

Silhouetted -- you're hard to beat  
I saw your outline above your feet  
I saw your footsteps, I saw the snow  
And I was hoping you'd say hello

Dark dark dark dark dark dark dark princess  
Dark dark dark dark dark dark dark princess

Turn up the silence  
Turn up the snow  
Turn up the glove you wear  
Turn up the love you show  
The love you show

I kneel before you, bearing a crown  
Merciful princess, won't you look down?  
I'm drinking your waters, I'm clutching your sleeve  
You're further inside me than you'd ever believe  
Than you'd ever believe

Dark dark dark dark dark dark dark princess  
Dark dark dark dark dark dark dark princess

This one goes out to the Dark Princess  
I looked for her and she found me

Yeah, she found me  
OK
