

Don't You

Robyn Hitchcock

The frogs are mating on the table
But you just pick your nose and squint
Don't you don't you
Don't you understand?
The bees are swarming round the coffin
But you just blink your eyes and sneeze
Don't you don't you
Don't you understand?
The fish are spawning in the basin
But you just tweak your hairs and yawn
Don't you don't you
Don't you understand?
Don't you understand
I'm down there on my knees?
Listen to me, please
With my head in a bucket of sand
The worms are crawling through your body
But you just smirk and pose for snaps
Don't you don't you
Don't you understand?
