

# Be Mine!

Robyn

It's a good thing tears never show in the pouring rain  
As if a good thing ever could make up for all the pain  
There'll be no last chance, I promise to never mess it up again  
Just a sweet pain of watching your back as you walk  
As I'm watching you walk away

And now you're gone, there's like an echo in my head  
And I remember every word you said

It's a cruel thing, you'll never know all the ways I tried  
It's a hard thing faking a smile when I feel like I'm falling apart inside

And now you're gone, there's like an echo in my head  
And I remember every word you said

That you never were and you never will be mine  
No, you never were and you never will be mine

For the first time, there is no mercy in your eyes  
And the cold wind's hitting my face, and you're gone  
And you're walking away

And I am helpless sometimes, wishing's just no good  
'Cause you don't see me like I wish you would

'Cause you never were and you never will be mine  
No, you never were and you never will be mine

There's a moment to seize every time that we meet  
But you always keep passing me by  
But you never were and you never will be mine

I saw you at the station  
You had your arm around, what's her name  
She had on that scarf I gave you  
And you got down to tie her laces

You never were and you never will be mine  
No, you never were and you never will be mine  
'Cause you never were and you never will be mine  
No, you never were and you never will be mine

There's a moment to seize every time that we meet  
But you always keep passing me by  
No, you never were and you never will be mine
