

# Human Being

Robyn

I'm a human being  
And so are you  
My heart can't stop beating  
Don't know what to do

I'm a human being  
I'm a human being

Where to go  
The streets are so cold  
Stay in my arms  
Dance with me

I'm a human being  
(Move your body closer to mine)  
(Move your-)  
(Move your-)  
(Move your body)  
Don't be afraid  
One step at a time  
(Move your body)  
I'm a human being  
(Baby don't give up on me now)  
I'm a human being

There's no resolution  
No honey gold  
There's no final union  
There's no control, mmm  
All these emotions are out of date  
I know it's hard  
No peace of mind, but don't shut me out  
You know we're the same kind  
A dying race

I'm a human being  
(I'm a human being)  
(I'm a human being)  
I'm a human being

(Move your body)  
(Move your-)  
(Move your-)  
Move your body  
Move your body closer to mine  
Yeah, yeah  
Yeah  
(I'm a human being)  
Don't be afraid  
One step at a time  
Baby  
Baby, don't give up on me now

I'm a human being  
Baby, don't give up on me now  
(Move your body, babe)  
(Move your-)

It's alright  
(Move your-)  
(Move your-)  
(Move your body)  
Don't give up on me now
