

## Robotboy

Robyn

Hey now boy, where you been?  
Smashed up toy, are you lost again?  
Your circuit's blown  
Will you find your coordinates home

Your battery's low, did you crash again?  
Robot boy, do you need a friend?  
Hey little droid  
Is your head on wrong?

Hey little prince, you've lost control  
Calendar boy, are you growing old?  
Your radar's jammed  
Shut your lasers down while you can

Hush now boy, please give in  
Robot boy, you've reached the end  
Hey little droid  
Let your x-ray shine
