

# Set Me Free

Robyn

I can see it  
In my wildest dreams  
It's a fever  
It's an endless deep  
It's a scary night  
From the other side  
It's my heart's desire  
Got to set me  
Got to set me  
Got to set me  
Got to set  
To set, set, set, set, set

You know you got to set me free (Got to set me, got to set me)  
You know you got to set me free (Got to set me, got to set me)  
You know you got to set me free

Free your body  
Free your body  
Free your body  
Free your body

I can feel it  
In my shaking bones  
It's a secret  
Everybody knows it  
It's a  
It's the morning light  
It's my heart's desire  
Got to set me  
Got to set me  
Got to set me  
Got to set  
To set, set, set, set, set

You know you got to set me free (Got to set me, got to set me)  
You know you got to set me free (Got to set me, got to set me)  
You know you got to set me free (Got to set me, got to set me)  
You know you got to set me free (Got to set me, got to set me)  
(You know you've got to) You know you got to set me free  
You know you got to set me free  
You know you got to set me free

You know you have to set me free  
You know you got to set me free  
You know you got to set me free (You know you've got to)
