

## Stars 4-Ever

Robyn

You and me together -  
Stars forever (4x)

You and me on the hood  
On my car  
Saturday night  
Watching the stars (2x)

You and I  
Shinning lights to what we are  
Look at the sky  
And I am never far

I can be right there next to you  
No matter where in the world you are  
I got you right here next to me  
Forever connected through the stars

It's what we are...

You and me together -  
Stars forever (4x)

The last train's gone  
We walk through the night  
The moon shines down  
Like a spotlight (2x)

You and I  
Shinning lights to what we are  
Look at the sky  
And I am never far

I can be right there next to you  
No matter where in the world you are  
I got you right here next to me  
Forever connected through the stars

It's what we are...

You and me together -  
Stars forever (4x)

(It's what we are)

You and me together -  
Stars forever (4x)

I can be right there next to you  
I can be right there next to you  
Forever connected through the stars  
It's what we are

You and me together -  
Stars forever (4x)

We're superstars

You and me together -  
Stars forever (4x)

Stars forever
