

Lost Without You

Roch Voisine

It was the 4th of July
I just wanted to lay down and die
I lost a friend
Never thought that it might end
What was I to do
So alone without you
Now it's plain to see
It could never be the same
How bad is it broken
Just ask this heart of mine
I'm so lost without you
Feeling lonely, scared and cold
I'm so lost without you
Tell me baby
When you're coming home
Tell me do you miss
The feeling of my kiss
The way I'm missing yours
The way it was before
My heart is on the line
And you've given up on trying
Just remember this:
I'm still loving you
Like an angel that keeps on falling
You are leaving me behind
I'm so lost without you
Feeling lonely, scared and cold
I'm so lost without you
Tell me baby
When you're coming home
I miss your fire burning me baby
I miss you day and night
No one else could ever make me feel this way
Like an angel you keep on falling
You are leaving me, you're leaving me behind
I'm so lost without you
Feeling lonely, scared and cold
I'm so lost without you
Tell me baby
When you're coming home
I'm so lonely
Lonely, scared and cold
I'm so lost without you
Tell me baby
When you're coming home...
Tell me baby
When you're coming home...
Tell me baby
When you're coming home...
Feeling lonely
