

# Lost Without You

Roch Voisine

It was the 4th of July  
I just wanted to lay down and die  
I lost a friend  
Never thought that it might end  
What was I to do  
So alone without you  
Now it's plain to see  
It could never be the same  
How bad is it broken  
Just ask this heart of mine  
I'm so lost without you  
Feeling lonely, scared and cold  
I'm so lost without you  
Tell me baby  
When you're coming home  
Tell me do you miss  
The feeling of my kiss  
The way I'm missing yours  
The way it was before  
My heart is on the line  
And you've given up on trying  
Just remember this:  
I'm still loving you  
Like an angel that keeps on falling  
You are leaving me behind  
I'm so lost without you  
Feeling lonely, scared and cold  
I'm so lost without you  
Tell me baby  
When you're coming home  
I miss your fire buring me baby  
I miss you day and night  
No one else could ever make me feel this way  
Like an angel you keep on falling  
You are leaviing me, you're leaving me behind  
I'm so lost without you  
Feeling lonely, scared and cold  
I'm so lost without you  
Tell me baby  
When you're coming home  
I'm so lonely  
Lonely, scared and cold  
I'm so lost without you  
Tell me baby  
When you're coming home...  
Tell me baby  
When you're coming home...  
Tell me baby  
When you're coming home...  
Feeling lonely
