

A Change In My Life

Rockapella

Standing cold and scared on top of the hill
Then came the moment when I lost my will
I prayed for mercy please don't take me away
Give me the sunshine when I only see rain
The past had a hold on me
It can't be denied
And the changes didn't come easily

I've been lonely, I've been cheated, and I've been misunderstood
I've been washed up, I've been put down, and told I'm no good
But with you I belong
Because you helped me be strong
There's been a change in my life since you came along

Now I don't mind working so hard every day
And I don't pay no mind to what people say
