Say You'll Be Mine
thanks to Annie for submitting thelyrics
I wanna hold you when you feel, you need to be held
I wanna love you when you feel like love is somewhere else
I wanna be your every tomorrow, 'cause today's not enough time
for me to give you all I have to give, say you'll be mine
I wanna be the greatest lover, of your life
I wanna be the last to wish you, goodnight
I wanna be the first kiss, of every day
I wanna be the one that never, walks away
I wanna hold you when you feel, you need to be held
I wanna love you when you feel like love is somewhere else
I wanna be your every tomorrow
'cause today's not enough time
for me to give you all i have to give, say you'll be mine
I wanna be the one you think of, when you smile
I wanna be the one you imagine, when you close your eyes
I wanna be everything, you need me to be
I wanna be the force of light to help you see
I wanna hold you when you feel, you need to be held
I wanna love you when you feel like love is somewhere else
I wanna be your every tomorrow
'cause today's not enough time
for me to give you all I have to give, say you'll be mine
be mine...
be mine...
