

## A+ In Arson Class

Rocket from the Crypt

I messed around and applied it  
Burned a house down and got a grade for it  
I don't need that fringe benefit  
I apply some, hot charity yeah  
It's got a head, all of its own  
And all crumbles, where it roams  
I don't live to see a day  
Without some hell, so he burns  
Alright  
Oh, yeah  
Things gonna change down to a be  
'Cause love will always kill a grade  
And if I fall on my own head and  
Crack it open and, oh, I bled, yeah  
Alright  
A are S O N  
I'm gonna do it again  
A are S O N  
So indivisible
