

# I'm Not Invisible

**Rocket from the Crypt**

Oh, I wanna go, yeah, we gotta leave it right now.  
Opportunity knocks so let's barge on in.  
Oh, I wanna beat the door down just to look inside  
Our vital signs look good but our chances are slim, way grim.

[Chorus]

So I killed it anyway, I killed it anyway.  
Stand back, look proud and tall.  
Be afraid of what you see and not attack,  
I'm not invisible, I'm not invisible, I'm not invisible.

Oh, I gotta go, yeah, we gotta leave it right now.  
When opportunity knocks let's barge on in.  
The sour truths and the vengeance sweet,  
Memory is full but nothing to keep.  
So pull back those dirty sheets,  
Let's see that wet spot now.

[Chorus: x2]
