

Shy Boy

Rocket from the Crypt

Here he comes, in his Sunday's best
Here he comes, and you know he is depressed
Be careful what you say he's a shy boy
Be careful what you say he's a shy boy

He is a shy boy (be careful what you say he's a shy boy)
He is a shy boy (be careful what you say he's a shy boy)

Leave him alone
Leave him alone

Here he comes in his Sunday's best
Here he comes, and you know he is depressed
Be careful what you say, he's a shy boy
Be careful what you say, he's a shy boy

He is a shy boy (be careful what you say he's a shy boy)
He is a shy boy (be careful what you say he's a shy boy)
Leave that guy alone
Leave that guy alone
Leave that guy alone
Leave him alone
