Let's get all the money

[Verse 1: Casey Veggies]

Floating thru the streets like Aladdin  
Got young freaks on my mattress  
If that girl with me she the baddest  
If he go against me he the saddest  
All these girls fucking for the status  
I see the game like what it is you see it backwards  
I run thru that girl first you get her after  
Imma real nigga, girl I ain't no rapper  
Or really I'm tryna say I ain't like these rappers  
Just know that shit you putting out it come back at ya  
Got a small college chick, we put that dough together  
If she eating veggies, she gon live forever  
I'm floating thru the streets like Aladdin  
I don't see nobody I think I need glasses  
Different whips like them slave masters  
Nigga try to hang me I'mma bash em, I'mma bash em

[Verse 2: Rockie Fresh]

Aight, these niggas look at me like "How it happen?"  
He started free but now the nigga out here taxing  
I bought another Jesus piece to show my passion  
You think I'm popping now wait till I drop the Jasmine  
So many stacks on me it got my pants saggin'

And truth be told I ain't really with the braggin'

They yappin, they talking for reaction  
I'm laughing, while I'm bringing all this cash in  
Right now, higher then I ever been  
A couple blunts and good head a nigga medicine  
Twenty stacks, hundred racks, how I bring it back  
Quarter-back throw a sack, now she in the sack  
And we do dinner and a movie if she into that  
And if you see us you will know and you remember that
