

# Hold Me Down

Rockie Fresh

[Hook:]

Say it get lonely ridin' round the town  
A lot of phony hoes be comin'g round  
I need a bad bitch to hold me down  
I need a bad bitch to hold me down  
Hold me down, hold me down  
Hold me down, hold me down  
Hold me down, hold me down  
Hold me down, hold me down

[Verse:]

Yeah you hold me down and I might someday love you  
Far from them other hoes I known to run through  
You ride beside me as we ride through tunnels  
Navigating to this paper now we stacking bundles  
It ain't nothing wrong to a rich nigga  
Just take a look at what this shit get ya  
I'm a big dreamer and a big spender  
And every time I'm in your frame you get that big  
picture  
Ooh I can't believe it, you came in just in time  
With what I needed  
And you ain't like them other girls I meet everyday  
Say you stay down like them girls from around the way  
Around the way, you was smart girl  
Don't ask but you got your own cash  
You ain't on the cut class, you ain't wanna fuck fast  
A real nigga, I ain't nothing like these clowns  
Got no time to fuck around  
But I could always hold you down

[Hook]

[Bridge: x2]

And all my girls aroound the world put your hands up  
high  
Know you looking like a star when you in your ride  
Cause I hold you down, hold you down  
And you can hold me down, hold me down

[Hook]
