

[Verse 1:]

I'm rolling up, I'm twisting up  
I'm lighting up, I'm bout to bang  
I got my mind on the place I came  
And I promise to never change  
Got the day coming, night falling  
And these haters just keep calling  
I don't answer they keep calling  
I say fuck it I keep balling  
Kept searching, finally found it  
I remember when niggas doubted  
When they tried to clown it  
Stay the fuck from round it  
I'm back to it, I'm never fronting  
Money gon' keep coming  
So just holla if you need something  
I say holla you need something

[Hook: x2]

You never know, you never know, you never know  
See when the night goes, see when the lights glow  
I say you never know, you never know, you never know  
You see when the night goes, you see when the lights glow

[Verse 2:]

Driving down the highway of life  
Staying patient trying to get it right  
Niggas talking they ain't living right  
These niggas talking you keep living life  
Tell 'em keep talking, keep stacking  
They liking, faith have it  
They down to see you make magic  
They die to see you make magic  
Keep pushing keep climbing  
It's all about timing  
You just gotta keep rhyming  
You just gotta keep running  
When the night hits and the rain falls  
We just grind to the morning  
We just gotta keep rolling  
Holla if you need something  
Need something

[Hook x2]
